## **NAN KELLY JOINS HUNTINGDON VALLEY BANK'S BUSINESS BANKING DIVISION AS SENIOR VICE PRESIDENT & TEAM LEADER**

Huntingdon Valley, Pennsylvania, April 3, 2019

Huntingdon Valley Bank announced that Nan Kelly has joined Hugh Connelly to launch HVB Business Banking as Senior Vice President & Team Leader.

With over 25 years in business banking, Nan Kelly brings a wealth of experience in lending to small to mid-sized businesses, real estate investors and entrepreneurs, commercial construction and asset-based lending as well as lending to professional service firms, medical practices and private banking relationships.

Nan rejoins HVB's Business Banking EVP, Hugh Connelly, from Univest Bank where she also served as Senior Vice President. In light of recent merger activity HVB identified a significant market opportunity serving businesses with credit needs up to \$3 million. HVB launched its Business Banking Division in early February to capitalize on this opportunity and grow its Business Banking relationships throughout the Greater Philadelphia and South Jersey Markets.

Travis J. Thompson, Esq., President & CEO, commented, "Nan's experience and community commitment combined with her extremely successful track record working with Hugh Connelly made her the perfect candidate to join our Team. As we strive to build market share in the Greater Philadelphia area, our unique focus on small to mid-sized businesses will enable HVB to capitalize on an underserved market. We are proud to have Nan Kelly join the growing Business Banking Team at HVB."
